Religious Education Committee

Mission
The Religious Education (RE) Committee works with the religious education staff to nurture and educate our children and youth.

Our Work
The work of the RE Committee includes:
• Working with the Director of Religious Education (DRE) to establish goals and procedures for the RE program.
• Reviewing the RE program as proposed by the DRE.
• Communicating RE policy recommendations to the UUFA board.
• Assisting in planning and preparing the curricula when needed.
• Recruiting RE program volunteers (such as classroom teachers).
• Ensuring an inclusive learning environment for all children regardless of abilities.
• Reviewing the RE budget as prepared by the DRE.
• Evaluating the RE program to ensure a welcoming and nurturing learning environment.
• Supporting development of youth including providing opportunities for youth input into decision making.

Committee Structure and Responsibilities of Members
The RE Committee consists of five or more members plus a youth member and the DRE as an ex officio member. The chair or co-chairs of the Religious Education Committee are selected by the committee and affirmed by the UUFA Board of Directors. The chair schedules and conducts meetings and provides timely information regarding RE work to the Committee members. Committee members provide transparent and timely information to the Committee and RE staff. Committee members support the work of the committee as discussed above.

Our Connections
The RE committee works with any other UUFA committees to implement our programs and procedures and to reach our goals.
